## 1,900 farmer beneficiaries in Panay get e-titles, CLOAs

By MARY JOY CAVANAS

CONTINUING the government's commitment to ensuring the welfare of Filipino farmers through agrarian reform, President Ferdinand R. Marcos Jr. distributed electronic titles (e-titles) and Certificates of Land Ownership Award (CLOAs) in Panay Island during a program in Passi City, Iloilo on September 19, 2024.

Spearheaded by the Department of Agrarian Reform (DAR), a combination of 2,588 e-titles and CLOAs covering a total of 2,643.52 hectares of land area is distributed to more than 1,900 Agrarian Reform Beneficiaries (ARBs) from the Provinces of Aklan, Antique, Capiz, Guimaras and Iloilo.

EARLY/ page A2

Congratulations Passi City Mayor Atty. Stephen A. Palmares, Presidential Lingkod Bayan Awardee of the Civil Service Commission Regional Office 6. The award was given during the Pasidungog 2024 on September 17, 2024, at Zuri Hotel, Iloilo City. Mayor Palmares received the award in the regional category for his outstanding leadership and competence, setting a national standard of excellence.

## OWWA grants P1-M for Passinhon migrants

THE Overseas Workers Welfare Administration (OWWA) has allocated P1 million to support the TulongPuso Program for the Passinhon Migrants and Families Association. The funding was awarded on September 25, 2025, during the Organizational Management Training and Evaluation of the TulongPuso Proposal.

This initiative provides financial aid to overseas Filipino workers (OFWs) and their families, addressing challenges brought on by the pandemic and other unforeseen circumstances.

City Mayor Stephen A. Palmares expressed gratitude for the support, which was represented by City Vice Mayor Elyzer C. Chavez. He emphasized the program's importance

in helping OFW families cope with the difficulties of working abroad. The Tulong Puso Program is part of OWWA's ongoing commitment to the welfare of Filipino workers and their loved ones.

The program was facilitated by the Public Employment Services Office, led by Rhea Palomillo, City Government Department Head I and PESO Manager.

President Ferdinand Marcos, Jr. with Department of Agrarian Reform Secretary Conrado Estrella III, Undersecretary Jesry T. Palmares, Iloilo congressmen and local officials pose with the recipients of the e-titles and CLOAs from the Provinces of Aklan, Antique, Capiz, Guimaras and Iloilo. (PCO photo)

Nineteen-year old Joshua Parreño of Brgy. Poblacion Ilawod, Passi City secured two championship titles at the Ariba Ivisan JBATA 101 Invitational Motocross in Ivisan, Capiz, on September 10, 2024, and at the 5th Mayor Roberto Palomar Motocross Competition in Tapaz, Capiz, on September 22, 2024.

## Passinhon rider wins two motocross championships in Capiz

Joshua Parreño, 19 years old, from Brgy. Poblacion Ilawod, Passi City, secured two championship titles at the Aribalvisan JBATA 101 Invitational Motocross in Ivisan, Capiz, on September 10, 2024, and at the 5th Mayor Roberto Palomar Motocross Competition in Tapaz, Capiz, on September 22, 2024.

Parreño, proudly representing Passi City, won the Novice Category in both competitions, finished 3rd in the Expert Production category in Ivisan, and placed 4th overall in the Open Production Category in Tapaz.

Passi City Mayor Stephen Palmares commended Parreño for the

achievement emphasizing that representing the city in any endeavor brings honor to all Passinhons.

To recall, Parreño also claimed the third spot in both the Intermediate Level and the Expert Pro Class of the Panay Motocross Series 2023 as part of the Dinagyang Festival on January 21, 2024.

## PhilHealth 6 greenlights Aklan Health Care Provider Network

The Philippine Health Insurance Corporation (PhilHealth 6) finalized the terms of the Memorandum of Agreement (MOA) with the province of Aklan as one of the Health Care Provider Network (HCPN) demonstration sites in the country during the Negotiation and Capacity Building on UHC Policies.

With the agreement, the province of Aklan will serve as a model/pilot area to implement innovative health reforms in a health care network setting and address the delivery of fragmented health services through provision of a comprehensive and integrated care from the primary to tertiary level.

PhilHealth 6 Acting Regional Vice-President Lazaro T. Tabsing lauds the Aklan Provincial Government and all its partners for their commitment to give the Akeanons a quality of health care services.

"Local leaders are key public health actors. We recognize the efforts exerted by the local government of Aklan and its team for a vision of a healthy and more productive Akeanons," Tabsing said adding that "the partnership will mark the start of an essential health reforms in the local health system that will ensure the full implementation of the Universal Health Care (UHC) which guarantees equitable access to affordable, quality, and effective

healthcare for all Filipinos".

The establishment of HCPN aims to enhance the efficiency of health care delivery, ensure better access to health services as well as improve patient outcomes by coordinating care across various providers – from first patient care to the navigated referral system to other providers within the network.

Meanwhile, presented during the negotiation activity were the policies governing the institution of HCPN including the prospective payment through Global Budget and reimbursements made by PhilHealth for the rendered services by accredited KonSulTa package providers (KPPS) in Aklan totaling to nearly P14.5 Million, as of August 31, 2024.

The activity held at Marzon's Convention Center, Jaime Cardinal Sin Ave., Andagao, Kalibo, Aklan was graced by Governor Jose Enrique M. Miraflores with Dr. Leslie Ann L. Sedillo- PHO II, Department Heads and Chief of Hospitals involved in the program and some PhilHealth Officers from the Central Office lead by Dr. Clementine Bautista, Dr. Leona Bayta, Dr. Jocelyn Maala, Ms. Lilibeth Perez, Ms. Mercy M. Picorro.

Other provinces identified as HCPN demo sites are Benguet, Laguna and Sarangani. (PAU-PRO 6)

## PRO-6 readies security measures for COC filing

The Police Regional Office 6 (PRO-6) is ready for the upcoming filing of certificates of candidacy on October 1 to 8, 2024 as part of May 2025 elections.

In a Command Conference held on September 24, 2024, PRO-6 Regional Director, Brigadier General Jack L. Wanky,

ordered the Provincial and City Directors to closely coordinate with their respective Election Officers/Supervisors to plan for the specific and suitable deployment, and security measures based on the prevailing situation and peculiarity in their respective areas to ensure

the upcoming elections peaceful and orderly.

"Let me remind you that our focus on the election preparations must not overshadow our anti-criminality campaigns and anti-illegal drugs operations. This must mean to us intensifying our efforts," he added.

Among the security measures to be implemented are increased police visibility in identified public places, checkpoints, intensified intelligence monitoring and other police actions and intervention that will prevent the occurrence of crimes.

Furthermore, the Western Visayas top cop reminded all personnel to always uphold the law and order with high respect to human rights, to perform their duties professionally and to remain non-partisan.

## DICT cites strong potential of Western Visayas in digital ecosystem

The Department of Information and Communications Technology (DICT) on Wednesday spotlighted the potential of Western Visayas region in promoting the digital ecosystems during the Regional ICT Summit and Exhibitions (RISE)

program as part of the four-day Western Visayas Innovative Startup Festival in this city.

"We are ready, we have been ready. But we need to continue to be ready to evolve. The demands of the industry have become complicated," said DICT

Undersecretary for ICT Industry Development Jocelle Batapa Sigue in a press conference at the sidelines of the summit.

She said that the Information Technology and Business Process Management (IT-BPM) industry has provided approximately 100,000 jobs in Western Visayas, providing around PHP1 billion a month in salaries alone.

Sigue said Western Visayas has two Centers of Excellence - the cities of Bacolod and Iloilo and one digital city, Roxas City.

It has ready talents given the good universities, the business environment is ready, it has the available infrastructure and a better road system, and food and utilities are cheaper and of good quality.

"Our challenge for Region 6 is let us lead the way for the country because we have a lot of potential," she said.

Haidee Enriquez, talent attraction and development committee chair of the IT and Business Process Association of the Philippines (IBPAP), said that currently, the industry has 1.7 million direct employees.

"We are anticipating and projecting that by 2028, so four more years, there will be 1.1 million additional jobs added to the industry. Out of that 1.1 million additional jobs, we are projecting that

### EARLY ... (from page A1)

These land titles are part of the DAR's Comprehensive Agrarian Reform Program (CARP) which helps enhance rural development and the Support to Parcelization of Lands for Individual Titling (SPLIT) Project that ensures the security of land tenure by providing individual e-titles.

President Marcos was joined by DAR Secretary Conrado M. Estrella III, DAR Usec. Jesry Palmares, Presidential Communications Office (PCO) Secretary Cesar Chavez, Special Assistant to the President Anton Lagdameo, Passi City Mayor Stephen Palmares, and other officials in the distribution of e-titles and CLOAs at the Passi City Arena.

Of the 2,588 CLOAs and e-titles, 251 are CLOAs covering 253.1103 hectares for 207 Agrarian Reform Beneficiaries (ARBs). While 2,337 e-titles cover 2,390.4133 hectares for 1,725 ARBs.

The distribution intends to increase agricultural productivity and sustain the livelihood of farmers, ultimately contributing to food sufficiency in the country and rural development in Panay Island.

President Marcos assured the ARBs on Panay Island that the administration will not abandon them in their quest to own the land they have been tilling for years.

President Marcos stressed the government is aware of all the challenges the ARBs are facing in acquiring the lands they are tilling.

## TESDA prioritizes Antique sacadas in skills training

SAN JOSE DE BUENAVISTA, Antique – Antique sugar migrants or sacadas are given priority by the Technical Education and Skills Development Authority (TESDA) in skills training.

TESDA Antique Provincial Director Agnes Dimzon said in an interview Wednesday that they are campaigning for sacadas to enroll in their skills training in partnership with the provincial government.

“Sacadas or their children may now go to the TESDA Provincial Training Center in Hamtic or any of our accredited schools for their enrollment,” she said.

TESDA offers agri-related skills training, such as crop production and urban gardening, carpentry, masonry, and photovoltaic system installation, which they find helpful when looking for alternative sources of income aside from working in the sugar plantations.

The provincial board, during its regular session last week, authorized Antique Governor Rhodora J. Cadio to sign an agreement with TESDA for the partnership.

“Sacadas, after their skills training, would also be given priority to be employed on projects being implemented in Antique so they would have an alternative source of income,” said Board Member Pio Jessielito Sumande Sr., who authored a resolution requesting for the implementation of the “Gulayan sa Barangay” and other skills training program of the provincial government in tie-up with TESDA.

## DICT ... (from page A2)

as much as 55 percent will be delivered by the countryside, roughly 600,000 jobs. How much of that do you want to be in Western Visayas,” she said.

She urged stakeholders to visit the Philippine Skills Framework for the ICT Framework to guide them in accelerating the growth of digital jobs in the region.

Velma Jane Lao, head of the Iloilo City Local Economic Development and Investment Promotion (LEDIP) office, said they are seeing the phenomenal growth of the industry.

# International MTB Race is coming to Passi City

ANOTHER international event is coming to Passi City this November 15-17, 2024.

Mountain bike enthusiasts and champions from around the world will see action in the Asian Cycling Federation

(ACF) International MTB Championship.

The City Government of Passi headed by Mayor Stephen A. Palmares is already in the heat of preparations for the big event sanctioned by the ACF, Union Cycliste

Internationale, and the Integrated Cycling Federation of the Philippines.

The racetrack and trail at Brgy. Imbang Grande is now being prepared for the cyclists to showcase their skills and for the

spectators to experience thrilling races.

The event will have the following categories: XCO Men & Women Elite, XCO Men & Women Junior, XCO Men & Women Youth, XCE Men & Women

Elite and XCC Men and Women Youth.

The International MTB Race is expected to boost the economy and tourism of the City of Passi as thousands of visitors will come to participate and watch the event.

## Schools suspend F2F classes, students wear masks due to Kanlaon fumes

PROTECTION. A teacher and her pupils in a public elementary school in Moises Padilla, Negros Occidental, wear masks for protection from fumes coming from Mt. Kanlaon on Tuesday (Sept. 24, 2024). The sulfurous odor has been observed in the cities of Bago and La Carlota, as well as the municipalities of La Castellana and Pontevedra, according to the Provincial Disaster Risk Reduction and Management Office. (Photo courtesy of Moises Padilla MDRRMO)

BACOLOD CITY – Some schools canceled face-to-face classes, and learners wore face masks in local government units (LGUs) located in the vicinity of Mt. Kanlaon in Negros Occidental due to the sulfurous odor coming from the active volcano following the increase in its seismic activity since early this month.

On Wednesday, at least 14 public schools in Bago City, including 12 elementary and two secondary schools, shifted to blended learning, based on the list provided by the Department of Education (DepEd).

Bago City Schools Division Superintendent Neri Anne Alibuyog said, in an interview, the learners were given modules to study at home until classes resumed.

She said the affected schools are in the villages of Louisiana, Ma-ao, and Ilijan.

“We will continue to observe the situation, and once it is okay, we will resume classes tomorrow. The learnings of the schoolchildren can be substituted by giving them modules. We just want to keep them safe,” she added.

Alibuyog said the DepEd is closely coordinating with the City Disaster Risk Reduction and Management Office and the Philippine Institute of Volcanology and Seismology for updates.

“The learners have also been made aware of the need to wear face masks. They

have been advised to wear masks for safety,” she said.

In Moises Padilla, the volcanic fumes have affected students in 19 public schools since Tuesday.

These schools are located in barangays Montilla, Odiong, Inolingan, Magallon Cadre, Macagahay and Crossing Magallon.

Mayor Ella Celestina Garcia-Yulo said she is leaving it to the discretion of school principals whether or not to suspend face-to-face classes.

In a public advisory, the Municipal Disaster Risk Reduction and Management Office encouraged residents to wear face masks for protection from possible irritants and to remain vigilant and observe the surroundings.

Provincial Disaster Risk Reduction and Management Office head Irene Bel Ploteña said that aside from Bago City and Moises Padilla, the sulfurous odor was observed in La Carlota City, La Castellana, and Pontevedra.

She also said they have requested the Department of Environment and Natural Resources to check the sulfur dioxide level in the affected areas.

“We are also coordinating with the Provincial Health Office for the request for face mask supply,” she added.

Mt. Kanlaon has remained under Alert Level 2 (increasing unrest) since its explosive eruption last June 3. (PNA)

## KOICA-funded project to boost fishing, biz communities in north Iloilo

ILOILO CITY – The provincial government of Iloilo unveiled on Tuesday a USD7.8 million project in the form of a grant from the Korea International Cooperation Agency (KOICA), which will boost the fishing and local business communities in the municipality of Concepcion and nearby areas.

The Northern Iloilo Fishery Rehabilitation and Development Project (NI-FRDP) restored and modernized the Concepcion Fish Port, a crucial facility that serves local fishermen and their families, according

to a provincial government statement released late afternoon Tuesday.

The upgraded port features an elevated platform, improved drainage, a wider parking area, and brighter, energy-efficient lighting.

“This is a big help for us, fisherfolk, especially

those with larger fishing vessels who struggled to dock at the old facility,” Olivia Pansensoy, president of the Tambaliza Small Fishermen’s Association (TASFA) Banban chapter, said in the statement.

She added that the improved port eases

## Cop Seizes P408K Suspected 'Shabu' from High Value Drug Peddler

ILOILO City – The elements of Antique Police Provincial Office effort against illegal drugs resulted in the seizure of around 60 grams of suspected shabu valued at P408,000 at Brgy. 8, San Jose, Antique, at 6:34 in the evening, September 26, 2024.

The suspect was alias Negro, 25 and a resident of Barangay Malaiba, San Jose, Antique.

Recovered from the subject during the operation were four sachets containing suspected shabu and buy-bust money.

Western Visayas top cop, Brigadier General Jack L Wanky, praised the personnel involved in the operation.

"Ang matagumpay na operasyong ito ay nagpapakita ng dedikasyon ng atingmgakapulisan para tuldukan ang problema sa iligal na droga. Pero kailangan ho natin ang patuloy na supporta ng taong bayan salaban na ito," he added.

The operation was conducted by the Antique Police Provincial Office - Drug Enforcement Unit together with San Jose Municipal Police Station and Philippine Drug Enforcement Agency, Antique Provincial Office.

The suspect is now under police custody and will be charged with violation of Republic Act 9165, or the Comprehensive Dangerous Drugs Act of 2002.###

## W. Visayas offers plenty of market opportunities for startups

ILOILO CITY – Western Visayas offers plenty of market opportunities for startups, including businesses needing technology software or applications to boost their enterprises and improve the agri-fishery sector.

"We are very glad because we have the PCCI (Philippine Chamber of Commerce and Industry) that is in sync with us. They will be guiding our researchers on what to research," Science and Technology regional director Rowen Gelonga said in a press conference on the first day of the four-day Western Visayas Innovative Startup Festival held in a hotel in this city on Tuesday.

He said part of the activities is reverse pitching, where researchers will listen to business and industry and hopefully, some would be able to come up with technology solutions to their concerns.

PCCI Iloilo chapter

president Fulbert Woo said there are a lot of businesses needing help with applications because there are a lot of ideas that should be projected outside of Western Visayas and transportation access.

"Applications, software engineering, I think that's

W. VISAYAS / page A8

very important," Woo said.

The PCCI has its own Insync program that supports the startup ecosystem in collaboration with various partners, including the academe.

Gelonga said they are looking forward to having startups across all science

## KOICA ... (from page A3)

congestion and extends business hours, benefiting consumers and fisherfolk.

Concepcion Mayor Millard Villanueva said the fish port is not just an infrastructure development but "a beacon of hope signaling the continuous recovery and empowerment of our fishing community."

The upgraded fish port was designed to withstand future natural disasters, ensuring the long-term

viability of Northern Iloilo's fishery sector.

Capacity-building programs have been integrated into the project, focusing on empowering stakeholders with sustainable fishing practices and fostering stronger community engagement.

In his message, Governor Arthur Defensor, Jr. highlighted the Visayan Sea's critical role in sustaining the economy

and tourism.

"There can be no fishport without the fish," Defensor said, emphasizing the need for effective marine resource management to ensure the health of the Visayan Sea, one of Iloilo's most vital natural assets.

The project's inauguration highlighted the robust relationship between the Philippines and Korea, marking 75 years of diplomatic ties and KOICA's 30th anniversary in the Philippines, added the statement.

KOICA Country Director Kim Eunsab, in his message, expressed the continued commitment of the agency to supporting fisheries and agriculture projects, calling this moment "an occasion to intensify our assistance to the Philippines." (PNA)

## Bacolod, Iloilo shortlisted as PH's most business-friendly HUCs

**BACOLOD CITY** – The highly urbanized cities (HUCs) of Bacolod and Iloilo are among the five finalists in the City Level 1B category for the Most Business-Friendly Local Government Unit (LGU) award of the Philippine Chamber of Commerce and Industry (PCCI).

"This recognition reflects our commitment to building a business-friendly city and driving growth in Bacolod," Mayor Alfredo Abelardo Benitez said in a statement here Tuesday.

In a separate statement, Iloilo City Mayor Jerry Treñas said "the recognition validates Iloilo City's dedication to fostering trade and investments and underscores its commitment to excellence in governance and economic development."

"I extend my heartfelt gratitude to everyone who contributed to this achievement. Let's continue to elevate Iloilo City to even greater heights," he added.

Bacolod and Iloilo were shortlisted along with the cities of Baguio, Cagayan de Oro, and Mandaue.

The five finalists in the City Level 1B each received special recognition from the PCCI for "exemplifying commendable initiatives towards good governance reforms that promote trade and investments and significantly contribute to local economic development."

Each LGU received the certificate, signed by PCCI LGU Awards chairman Pablo Gancayco, at the PCCI office in Taguig City on Monday.

Eleven of the 17 HUCs outside the National Capital Region participated in the Search for the Most Business-Friendly LGU.

The winners will be announced in mid-October. (PNA)

# Brgy, House-to-House PhilSys Reg in Guimaras continues in Q3 2024

**SEPTEMBER 2024** Guimaras. – The Philippine Statistics Authority (PSA)-Guimaras Provincial Statistical Office continues its efforts to bring the Philippine Identification System (PhilSys) services closer to residents through its Barangay and House-to-House registration strategy and successfully registered 43.14% of its target for the third quarter (Q3) with 4,740 registrants across the province.

According to Provincial Statistics Officer Nelida B. Losare, the concerted effort to facilitate on-site registrations has been essential in reaching remote and underrepresented communities.

"Since July, we have worked closely with the local barangay officials and community leaders to ensure that every eligible resident, particularly those in far-flung areas, has the opportunity to register for PhilSys," Losare stated.

As of September 24, 2024, the PSA-Guimaras recorded 2,045 registrations, a testament to the extensive ground work and community engagement the team has executed since the beginning of the third quarter.

Registering young children, particularly those aged 1 to 4 years old, is aligned with the national campaign to cover all age groups under the PhilSys program.

Losare shared that, out of the total registrations, 1,056 or 51.63 were children aged 1 to 4 years old.

"This initiative is crucial in ensuring that even the youngest members of the population have their PhilSys IDs, which will eventually serve as their official proof of identity for various government services," Losare said.

To enhance further its

Registration Center Supervisor (RCS) Jeza B. Nadales and Registration Kit Operator (RKO) Vergel G. Sangco conduct House-to-House Mobile Registration at Lawi, Jordan, Guimaras on July 31, 2024.

outreach, PSA Guimaras has implemented several strategies: Barangay and house-to-house initiatives, PhilSys on wheels, school-based registration, plaza-type registration, and sitio or purok registration," Losare explained.

These initiatives aim to ensure that registration is convenient and accessible, no matter where and what location and circumstances are.

The Barangay and House-to-House registration campaign will continue until the target population is fully registered, as committed by the government toward inclusivity and accessibility, ensuring that every Filipino, regardless of location or socioeconomic status, is enrolled in the PhilSys program.

Through PhilSys, the government aims to create a more streamlined and efficient identification system for all citizens, enhancing access to services and promoting social and financial

inclusion.

"For those who have yet to register, the PSA encourages residents to take advantage of the ongoing registration drives happening in their barangays or through house-to-house visits,"

Losare said.

"For more information on the PhilSys registration schedule and locations, residents are advised to coordinate with their local barangay officials or visit the PSA-Guimaras office," Losare added.

## Who will defend the defenders

## Editorial

Global Witness, an international non-government organization that seeks to break links between natural resource exploitation, conflict, poverty, corruption, and human rights abuses, released a report this month saying 17 of the 196 land and environmental defenders across the globe who had been killed or forcibly disappeared were from the Philippines.

Eighty-five percent of the cases were in Latin America: Colombia (79), Brazil (25), Honduras (18), and Mexico (18) top the list.

For the Philippines, which has had 298 documented cases between 2012 and 2023, representing 64% of the total 468 cases in Asia in the 11-year period, this is another distinction which is a source not of pride, but notoriety.

According to Global Witness, 10 of the Filipino victims in 2023 were killed while the remaining seven were disappeared.

A report by Human Rights Watch said the enforced disappearance of land and environmental

defenders and indigenous activists is common across the Philippines.

Most of these are called “invisible cases” because little is publicly known about the victims, Indigenous Peoples Rights International executive director Joan Carling told HRW’s Carlos Conde.

“Apart from abductions, arbitrary detention, politically motivated prosecution, and murder, environmental defenders and indigenous leaders in the Philippines are also subjected to harassment and intimidation through “red tagging” where authorities accuse them of being sympathizers or supporters of the communist insurgency,” according to HRW.

The Philippines has carried the distinction for 11 years, not because this is a relatively new phenomenon but because the documentation and data consolidation only began fairly recently. Imagine countless others in the past who have died or disappeared without having made it to the count, or without having been reported in the first place. These happen, after all, far away from our imperial center.

This administration has to work harder at establishing its sincerity and resolution to address such grievances moving forward. It could begin by heeding the recommendations of Global Witness to create a safe environment for defenders, to systematically identify, document, and analyze attacks against them, and facilitate access to justice.

Addressing environmental concerns has become a popular course of action, but it should never be done for the sake of riding on a trend or of creating a better brand name. There are real people with real high stakes in the environment. They are found in places we do not know exist and which are far removed from the comfortable surroundings we call home.

These defenders are truly valiant for going against all odds, even at the risk of fighting in vain and remaining in obscurity. The least that the government can do is to acknowledge their sacrifices and take the first steps to ensure not just sustainability for the environment, but the safety of those who defend them without counting the costs. (manilastandard.net)

## Carmageddon

With the Christmas season starting early for Filipinos, traffic jams in Metro Manila are starting to become heavier than usual, which I take as a sign that it's time for the annual holiday “Carmageddon”.

Yes, it's the time of year when we all have to allot extra time (on top of the usual few minutes we add) to our commute or drive to make it on time for work, parties, meetings, or appointments.

Case in point for example is my nearly three-hour drive from Pasig to Makati last week. For context, the drive takes around an hour on a typical day—accounting for traffic already. It wasn't even a Friday to begin with, but I could say that it was probably one of the worst (if not the worst) traffic gridlocks I had ever experienced.

The horrendous ordeal made me realize that while there has been progress in addressing our traffic problem, it cannot be denied that the situation is still bad. Just thinking about traffic on EDSA already makes me feel bad about the hours wasted by Filipinos on the road which could have been used for more productive and meaningful activities.

Sadly, the terrible traffic in Metro Manila is not exaggerated.

Earlier this year, it was reported that Metro Manila claimed the top spot for worst traffic congestion among 387 metro areas across 55 countries based on the 2023 TomTom Traffic Index.

The report revealed that nearly half or 117 hours of the average 240 annual driving hours of a typical motorist in Manila is spent stuck in traffic. The report also showed that traffic congestion gets worse on Friday evenings, especially during the rush hour between 5 p.m. and 6 p.m.

This is not something to take lightly.

More than the inconvenience and wasted hours, traffic has a significant impact on our economy. In fact, the Management Association of the Philippines in March this year called on the government to declare a “state of calamity” in Metro Manila due to the worsening traffic congestion which costs the economy an estimated PHP3.5 billion in losses daily.

While it should be acknowledged that the government has several projects to address traffic, it must be emphasized that constructing more roads is not the ultimate solution.

Car ownership continues to increase which means traffic congestion will continue to worsen. In a comment on my Facebook post, my fellow columnist Boo Chanco said around 500,000 cars are added to our roads each year. In August this year alone, car sales increased by nearly 7 percent compared to the same period last year.

In general, traffic is a systematic problem that results from poor public transport infrastructure. Over the years, the pace of development of our public transport infrastructure has failed to match the pace of economic growth, rendering it unreliable for many.

Consequently, this made car ownership more appealing to Filipinos who have long been inconvenienced by long queues just to ride a train, jeepney, or bus. This only worsened traffic gridlocks over the years.

What we need is a broad, holistic, and comprehensive plan to solve the traffic problem—one that focuses on the expansion and improvement of our public transport infrastructure.

## ESPRESSO MORNINGS

By JOE ZALDARRIAGA

Priority should be given to accelerating the construction and completion of the various mass transit projects to encourage more Filipinos to use public transport, thereby decongesting road traffic.

The government is already on track on this. As President Ferdinand R. Marcos Jr. said in his third State of the Nation Address, the Philippines is currently seeing a “railway renaissance” with numerous ongoing projects.

I have long shared the view that a well-designed rail network is the best for mass transport—efficient, affordable, and effective. More than decongesting Metro Manila traffic, an effective mass transit system will significantly improve interconnectivity between rural and urban areas—bridging the economic growth gap.

In solving Metro Manila's traffic crisis, we must keep in mind that the problem is a multifaceted issue that requires a holistic approach that addresses the needs of commuters and motorists, bridges the gap between urban and rural areas, and answers to the demands of our growing economy. It cannot be denied that solving Metro Manila's traffic crisis is challenging but with strong political will, strategic planning, and the support of the private sector, this surely is not insurmountable.

I do not know if I will see the light of day in my lifetime as I am now in my senior years but for the sake of the younger generation, we as a nation should do something about this problem that has plagued us like a chronic illness for decades.

## The growing impact of extreme weather on communities

Recent typhoons have had a profound impact on the Philippines, displacing and disrupting the lives of millions across the nation. Super Typhoon Carina (international name Gaemi) and the southwest monsoon (habagat) in July affected 1.3 million Filipinos, forcing many into temporary or permanent displacement.

Adding to this devastation, three consecutive tropical cyclones—Ferdie, Gener and Helen—along with the habagat, caused further havoc. These storms resulted in 23 deaths, 15 missing persons, and 23 injuries. The severe weather affected another one million individuals, with 18,000 families seeking refuge in evacuation centers.

The Philippines is particularly vulnerable to displacement due to both natural and human-made factors. Being in East Asia's typhoon belt and on the Pacific Ring of Fire, the country is highly susceptible to storms and floods, displacing millions every year. On average, the Philippines experiences around 20 typhoons annually. The habagat, which brings heavy rains and causes massive floods and landslides, further exacerbates this situation. The result is widespread damage to property, loss of lives, and large-scale displacement.

With only two seasons in the Philippines—the rainy season from June to November and the dry season from December to May—the country is currently facing more typhoons during the rainy months. Extreme heat during the dry season can lead to class suspensions and other disruptions. Unfortunately, climate change is amplifying these issues, affecting not only the environment but also people's livelihoods. Displacement uproots families, impacting entire communities and their well-being.

Globally, displacement due to extreme weather events is becoming a growing crisis. Increasingly severe weather, from typhoons and floods to droughts and wildfires, is forcing millions to flee their

homes. Climate change closely links this trend, bringing significant social, economic, and environmental costs.

Climate change is now understood to be the primary driver behind extreme weather-related displacement. Human activities such as the burning of fossil fuels, deforestation, and industrial agriculture have increased greenhouse gas emissions, leading to shifting climate patterns. As global temperatures rise, the likelihood of heatwaves and prolonged droughts increases.

Meanwhile, storms are becoming more intense, and rising sea levels are putting coastal regions at greater risk of flooding and storm surges.

The United Nations High Commissioner for Refugees (UNHCR) reports that weather-related hazards displaced 32 million people in 2022, a 41 percent increase from 2009 levels. The social, economic, and environmental costs of this trend are immense, and it continues to escalate.

The Philippine Commission on Human Rights (CHR) reported to the United Nations Special Rapporteur in the same year that natural disasters displaced 5.4 million Filipinos. This means that 17 percent of the world's displaced persons due to natural calamities came from the Philippines. Natural calamities either damaged or completely destroyed millions of homes, forcing many Filipinos to seek refuge in evacuation centers, transitory sites, or with friends and family.

The worst single event of displacement in the country's history was Super Typhoon Yolanda (Haiyan), which displaced four million Filipinos and claimed over 6,000 lives. Six months after the storm, two million people were still without adequate shelter. Even after a decade, approximately 54,000 housing units meant for survivors remain unoccupied, primarily because they lack a water supply and are located far from their livelihoods.

The costs of displacement due to extreme weather are both direct and indirect,

## FRESH VIEWPOINTS: A NEW PERSPECTIVE

By Brian James Lu

affecting not just individuals but entire communities, economies, and ecosystems. The humanitarian consequences of disasters like Super Typhoon Yolanda are devastating. The psychological trauma of displacement, in addition to the loss of homes and livelihoods, has lasting effects on mental health. Children are particularly susceptible, as displacement often disrupts their education and negatively impacts their health. For indigenous peoples, displacement can lead to the loss of ancestral lands, cultural traditions, and a sense of identity.

The economic costs of extreme weather events are staggering. Each typhoon leaves behind a trail of destruction in agriculture and infrastructure, to name a few. In the case of Super Typhoon Yolanda, the damage reached PHP95.48 billion, according to the National Disaster Risk Reduction and Management Council (NDRRMC). Furthermore, in December 2013, the National Economic and Development Authority (NEDA) noted that Yolanda caused inflation to rise to 4.1 percent, impacting the cost of essential goods due to disruptions in production, transportation, and demand.

It is crucial for the government to strengthen disaster risk reduction and management strategies. The continued displacement of Filipinos due to extreme weather requires a comprehensive, proactive response. Addressing the root causes—whether they stem from natural disasters, conflict, or environmental degradation—is essential. To mitigate the effects of displacement, we need long-term strategies focused on prevention, protection, and rehabilitation. With strong political will and international cooperation, the government can better ensure the well-being, safety, and future of displaced communities.

## Revisiting the Bus Lane

Recently, a transport advocate urged the government to put a dedicated bus lane on Commonwealth Avenue which is located in Quezon City and also known as one of the country's busiest roads. Some have even suggested that the bus lane extend from the said avenue to QC Memorial Circle then all the way to Quezon Avenue.

This suggestion has sparked a new round of debate regarding bus lanes in general. Last month, a congressman drew the ire of many netizens when he publicly questioned the practicality of bus lanes. Apparently, the said district representative was stuck in traffic for several hours in EDSA and noticed that there were only a few buses on the bus lane at that moment. He then stated in his now famous post that the bus lane should be opened to private motorists during heavy traffic to ease the traffic. This post resulted in severe backlash against the congressman with many netizens accusing him of being entitled or "privileged".

With the recent news concerning the bus lane, many have again opened the discussion about the said bus lanes. Some have taken to question the existence of a dedicated bus lane operating the whole day stating that this is quite unfair for private motorists. Understandably, when one is on a car or a motorcycle during a standstill traffic it is difficult to look at buses whizzing past

your vehicles. Sometimes, the temptation is so great that many motorists break the law and traverse the bus lanes. Even now, we still see several cars and motorcycles going in and out of the bus lanes hoping that they could elude the law enforcers. With the Christmas season fast approaching, the onset of even worse traffic is imminent. In addition, the scheduled rehabilitation of Guadalupe Bridge in EDSA late next year is sure to add to the woes of motorists in Metro Manila.

Unfortunately for those wishing for a revision of the bus lanes protocol, bus lanes are here to stay. There is absolutely no cogent reason for the government to remove or even lessen the implementation of the said bus lane system. The suggestion of some sectors to manage the bus lane during certain hours similar to the zipper lane concept have met with opposition stating that such tinkering of the bus lane would cause a slowdown of the traffic in the bus lanes. In fact, transport authorities are suggesting that exemptions to the said rule be even pruned down to a bare minimum and that more draconian and stringent implementation of the same be imposed. Transport authorities insist that bus lanes serve more people, remove buses from the other lanes, lessen motorists on major thoroughfares through attrition and has the

## OBLIQUE OBSERVATIONS

By ATTY. GILBERTO LAJENGCO, J.D.

net effect of decongesting traffic.

In the end, the issue of the bus lane is one of equity. People who use cars or even motorcycles have several advantages over the public transport riders. It is but right that the riders be given a faster and more efficient mode of transportation. It is also a matter of getting more people to their destination on time so they can work and sufficiently contribute to economy.

Bus lanes however are just part of the puzzle. New roads, skyways, bridges, other modes of public transport are being built. Even these will not solve the entire problem. Improving cities outside Metro Manila to encourage people to go outside must follow.

Inevitably, while solutions are being done or planned our society and way of working will probably have to adapt. Work from home or alternative modes of working are beginning to take root. People are beginning to work more within their side of the big river that cuts across the city. The so-called "tawid ilog" activities will begin to lessen. Soon, Metro Manila will probably be truly divided between those north and south of the river.

## Building Success, One Souvenir at a Time

IN Cebu, known as the Queen City of the South, Ma. Merlyn Dumlao's souvenir shop has become a destination for both local and foreign tourists. Her shop not only offers unique and memorable items but also adds a special touch to visitors' experiences, allowing them to take home a piece of Cebu.

For over a decade, Merlyn and her husband have run their souvenir shop with one goal in mind: to provide a better life for their family and support their children through college. Today, the shop stands as their primary source of income, helping them achieve these dreams.

Merlyn's business journey began with a humble setup. She started by selling souvenir items like T-shirts, mugs, ref magnets, and keychains from a small expandable table set up at home. Through perseverance, passion, and faith in God, Merlyn gradually grew the business. Starting as a small reseller, they eventually expanded to offer their personalized printed T-shirts and other customized souvenir items.

As the business expanded, so did their need for capital.

That is when Merlyn became a client of CARD MRI Rizal Bank, Inc., a microfinance-oriented rural bank of CARD MRI. Her initial loan was PHP 5,000, which gradually increased to PHP 500,000. She used these funds to expand the business, support her children's education, and meet her family's needs.

Grateful for the support she received from CARD RBI, Merlyn made it a point to share the benefits with others. She encouraged relatives and friends to become CARD RBI clients, emphasizing the positive impact it had on her life. "As a client, I value the trust that CARD RBI has given me. I always ensure 100% repayment and strive to maintain excellent performance," she shared.

Throughout her journey as a client and business owner, Merlyn has faced numerous challenges, including a lack of business capital, tight competition, and family problems. However, she overcame them all with her faith in God and an unwavering desire and passion for achieving success.

Today, their souvenir

Ma. Merlyn C. Dumlao, a successful souvenir shop and convenience store owner, and CARD client from Oslob, Cebu, proves that anything is possible for those who believe in the power of dreams and faith in God.

shop has become a well-known business in her community. Merlyn has built strong relationships with her suppliers and gained loyal customers who promote, introduce, and recommend her shop to most tourists. Beyond the souvenir shop, Merlyn and her family have also upgraded their sari-sari store into an air-conditioned convenience store, offering a wider range of products to their customers.

Their hard work has paid off. Merlyn's eldest child is now a seaman with a

stable job, while her two younger children continue their studies. Compared to the early days of their business, her family now enjoys a more comfortable and prosperous life.

"To other entrepreneurs, venturing into business is not easy. Don't forget to pray to God and lift everything to Him, for He knows what's right and best for us. Remember, with faith, we will never go wrong, and nothing can stop us from achieving our goals in life," she concluded.

## New SSS members likely to reach 4-5M in 2024

MANILA – The Social Security System (SSS) is optimistic that new member registration could reach 4 million to 5 million this year.

In a statement on Thursday, the SSS said its new member registration has already reached 2.4 million as of end-July, surpassing the agency's 2 million target for this year.

Macasaet said the new SSS members went up by 165 percent from the 923,000 new members recorded in the same period last year.

"Halfway through the year, we already hit our year's target. But SSS won't stop there. We remain steadfast in our mission to further broaden our membership base and cover all Filipinos in the workforce," Macasaet said.

"SSS will sustain this growth trajectory in the coming months as we aim for a historic peak in new member registrations."

Data showed that Luzon recorded the highest number of new members, with more than 882,000.

The National Capital Region (NCR) came in second with over 693,000 new enrollees.

Mindanao and Visayas followed with 436,000 and 417,000, respectively.

More than 10,000 new members came from international operations.

Macasaet said that in previous years, the SSS usually averaged around 1 million new members annually.

He said the increase this year reflects the SSS' commitment to expand its membership and reach all working Filipinos.

"The implications of this record membership are profound because it means more Filipinos will have access to a comprehensive set of social security benefits from SSS. The social security protection offered by SSS can help safeguard the financial well-being of Filipino families, particularly during times of uncertainty," Macasaet said.

## CARD MRI Holds Media Lakbay Aral in Tuguegarao City

CARD Mutually Reinforcing Institutions (CARD MRI) held another Panaghiusa: CARD MRI Exposure Tour Program for Media in Tuguegarao City on August 18-20, 2024.

Organized by CARD MRI Publishing House, the three-day event aimed to deepen media practitioners' understanding of the wide range of services CARD MRI provides, including financial services, insurance, health programs, and more.

"Telling the success stories of CARD MRI clients is one way we inspire the public to strive for betterment. This is why we collaborate with media practitioners nationwide to disseminate these stories and reach a wider audience," said Marilyn Manila, President of CARD MRI Publishing House.

The event was attended by nine media practitioners: Madeliene Marasigan, Publisher at Rapids Journal; Romulo Madrigal, Publisher at Balitang Pinoy; Emil Jun Delos Santos, Senior Anchor at DZJV Calamba; Via

Hannah Visaya, Writer and Researcher at Luzonwide News; Vill Gideon Visaya, Correspondent at BalitangHilaga; Irene Gonzales, Correspondent Reporter at Pilipino Mirror; Eduardo Quintos, News Director at NBS DWDY; April Jane Racho, Program Producer at DWPE; and Michelle Bañaga, Reporter at NBS DWDY.

During the tour, participants visited CARD MRI offices in Tuguegarao City, including CARD, Inc. (A Microfinance NGO) Regional Office, CARD MRI Rizal Bank Inc. (CARD RBI) Tuguegarao Branch, CARD Mutual Benefit Association (CARD MBA) Provincial Office, and CARD Pioneer Microinsurance Inc. (CPMI).

The media practitioners also had the opportunity to meet and interview CARD, Inc. clients like Chita Tamayao, a market vendor, and Catherine Alejo Llonas, a pastillas maker. Additionally, they visited Maria Luyun, a client from

CARD RBI who runs a Miki noodle factory.

They also observed activities at the SK Soldiers Center and Adduru Center of CARD, Inc. on how CARD MRI delivers its products and services.

To appreciate the local culture and history, the participants visited the

Cagayan Museum and Historical Research Center in Tuguegarao City and explored the Callao Cave in Peñablanca.

To wrap up the event, a media briefing was held, attended by various CARD MRI officers, including CARD, Inc. Regional Director Emmanuel Angeles;

CARD RBI Regional Director Robert Urgino; CARD, Inc. Regional Accountant Mary Joy Calimag; CARD, Inc. Area Manager Michelle Labsang; CARD RBI Area Manager Raymund Apostol; CARD MBA Provincial Manager Marijane Ampoon; CPMI PRO Mark Molina; CARD

MBA Claims Processor Ladychar Dumlao; CPPI Sheryl Gumabay; and CPPI Microinsurance Supervisor Annilou Adduru.

This year, the CARD MRI Publishing House held four Media Lakbay Aral events in Masbate City, Butuan City, Tacloban City, and Tuguegarao City.

The media briefing held in Tuguegarao City was attended by some of the media practitioners in Laguna, Isabela, and Tuguegarao City, together with some of the CARD MRI key officers in the area.

### W. VISAYAS ... (from page A4)

and technology sectors.

"I think Western Visayas has the highest number of technology business incubators in the entire country. Practically, all major universities have incubators right now. All of these will be able to support the hatching of

new business enterprises," he said.

However, as Western Visayas is rich in agricultural and fishery resources, most of the startups are along that line, he said.

He noted that one of the earliest spinoff companies is engaged in the production

of micro-algae as feed for hatcheries to support the requirement of the aquaculture sector.

"What we always aspire for is that these companies will cease becoming startups because, by that time, they should already mature into viable business enterprises.

Let us not forget that among the most innovative, among the most profitable companies not only in the Philippines, but the global market started as startups," Gelonga said.

The festival runs in different venues in Iloilo City until Sept. 27. (PNA)

CITY ORDINANCE NO. 027
SERIES OF 2024

AN ORDINANCE ENACTING THE INTEGRATED ZONING REGULATIONS OF THE CITY OF PASSI AND APPROVING FOR THE ADMINISTRATION, ENFORCEMENT AND AMENDMENT THEREOF AND FOR THE REPEAL OF ALL ORDINANCES IN CONFLICT THEREWITH

Be it enacted by the Sangguniang Panlungsod of the City of Passi, Iloilo.

WHEREAS, the implementation of Comprehensive Land Use Plan (CLUP) would require the enactment of regulatory measures to translate the planning goals and objectives into reality;

WHEREAS, the Local Government Code authorizes local government units to enact zoning ordinances subject to and in accordance with existing laws;

WHEREAS, this integra Zoning Ordinance is one such regulatory measure which is an important tool for the implementation of the approved Comprehensive Land Use Plan;

NOW THEREFORE, be it enacted by the Sangguniang Panlungsod of the City of Passi, Iloilo in a session assembled:

ARTICLE I
TITLE OF THE ORDINANCE

Section 1. Title of the Ordinance

This Zoning Ordinance shall be known as the (amended) Integrated Zoning Ordinance (ZO) of the City of Passi, Iloilo and shall hereinafter be referred to as the Zoning Ordinance.

ARTICLE II
AUTHORITY AND PURPOSE

Section 2. Authority

This Ordinance is established in accordance with the stipulations outlined in the Local Government Code of 1991, specifically R.A. 7160 Sections 447, 448, and 458 a.2 (7-9), enacted on the 10th of October 1991. It grants authorization to the City of Passi, through its Sangguniang Panlungsod, to formulate a Zoning Ordinance, subject to compliance with existing laws. Furthermore, this Ordinance aligns with various pertinent legislations, including but not limited to Commonwealth Act 141, PD 705 Forestry Code, PD 1067 Water Code, PD 1096 National Building Code, and Executive Order No. 72.

Section 3. Purposes

The Zoning Ordinance is instituted with the following objectives:

To foster and safeguard the well-being, security, tranquility, convenience, and overall welfare of the residents within the City of Passi, Iloilo.

To offer guidance, control, and oversight over the expansion and utilization of both public and private lands in the City of Passi, aligning with its Comprehensive Land Use Plan (CLUP).

To establish a suitable regulatory framework that maximizes opportunities for ingenuity, innovation, and extensive development, all within the context of sound governance and active community involvement.

To elevate the distinct qualities and stability of residential, commercial, industrial, institutional, forestry, agricultural, open space, and other functional zones within the City of Passi, while advancing their organized and advantageous growth.

ARTICLE III
GENERAL ZONING PRINCIPLES

Section 4. General Zoning Principles

These Zoning Regulations are grounded in the principles outlined in the approved Comprehensive Land Use Plan, as per SP/Resolution No. 2024-018 dated 15th day of February. These principles encompass the following:

- 1. The local government unit recognizes that land use is a fundamental right, but it stipulates that the exercise of this right must adhere to the review standards specified in this Ordinance.
2. The Ordinance is designed to provide the free market with maximum opportunities to stimulate the City's development, all while maintaining a foundation of environmental integrity and social responsibility.
3. The Ordinance is formulated to encourage the emergence of high-quality developments rather than imposing regulations solely to mitigate the worst types of projects.
4. The Ordinance is structured in a manner that remains highly adaptable to the ever-evolving conditions constantly faced by the City.

Handwritten signatures of officials

Handwritten signature

5. The Ordinance serves as a valuable tool for informed decision-making by land use administrators, offering specific criteria to assess the suitability of proposed developments.
6. The Ordinance creates a direct platform for community empowerment, involving stakeholders, particularly in critical development decisions.
7. The regulations within the Zoning Ordinance are regarded as essential tools for land use management, providing clear guidance to steer land development in a manner that ensures the common good of the community.

#### ARTICLE IV DEFINITION OF TERMS

The definition of the terms used in this Zoning Ordinance shall carry the same meaning given to them in already approved codes and regulations, such as but not limited to the National Building Code, Water Code, Philippine Environmental Code and other Implementing Rules and Regulations promulgated by the Housing and Land Use Regulatory Board, now Department of Human Settlements and Urban Development (DHSUD). The words, terms and phrases enumerated hereunder shall be understood to have the corresponding meaning indicated as follows:

**Accessory Use**- pertains to those that are customarily associated with the Principal Use application (such as a garage is accessory to a house).

**Actual Use** – refers to the purpose for which the property is principally or predominantly utilized by the person in possession of the property.

**AFMA** – shall refer to the Agriculture and Fisheries Modernization Act of 1997 or RA 8435.

**Agricultural Activity** – per the Comprehensive Agrarian Reform Law of 1988 (RA 6657), means the cultivation of the soil, planting of crops, growing of fruit trees, raising of livestock, poultry or fish, including the harvesting of such farm products, and other farm activities and practices performed by a farmer in conjunction with such farming operations done by persons whether natural or juridical.

**Agricultural Land** – per RA 6657, refers to land devoted to agricultural activity and not classified as mineral, forest, residential, commercial or industrial land.

**Agricultural Land Use Conversion** – per RA 6657, refers to the process of changing the use of agricultural land to non-agricultural uses.

**Agricultural Zone (AGZ)** – an area within the city intended for the cultivation of the soil, planting of crops, growing of trees, raising of livestock, poultry, fish or aquaculture production, including the harvesting of such farm products, and other farm activities and practices performed in conjunction with such farming operation. (AFMA) **Agri-Industrial Zone (AgIndZ)**- an area within a city intended primarily for integrated farm operations and related product processing activities such as plantation for bananas, pineapple, sugar, etc.

**Agri-Processing Activities** – refers to the processing of raw agricultural and fishery products into semi-processed or finished products which include materials for the manufacture of food and/or non-food products, pharmaceuticals and other industrial products.” (AFMA)

**Agro-Forestry** – land management which combines agricultural crops with tree crops and forest plants and/or animals simultaneously or sequentially and applies management practices which are compatible with the cultural patterns of the local population.

**Allowable Uses** - uses that conform to those allowed in a specific zone.

**Aquaculture Sub-Zone (Aq-SZ)** – an area within the City Waters Zone of a city designated for “fishery operations (Inland fishing) involving all forms of raising and culturing fish and other fishery species in fresh and brackish water areas. (Fisheries Code).

**Base Flood Elevation** – the elevation to which floodwater is expected to reach during flood events as calculated by the regional office of the DPWH.

**Base Zones** – refers to the primary zoning classification of areas within the City and that are provided with a list of allowable uses and regulations on building density and bulk, among others.

**R-1 Sub-Zone (R1-SZ)** – an area within the city intended for low density residential use of 20 dwellings units per hectare.

**R-2 Sub-Zone (R2-SZ)** – an area within the R-2 Zone of a city where the number of allowable storeys/floors above established grade is three (3) and the Building Height Limit (BHL) is 10.00 meters above highest grade (NBC).

**R-3 Sub-Zone (R3-SZ)** – an area within the R-3 Zone of a city where the number of allowable storeys/floors above established grade is three (3) and the Building Height Limit (BHL) is 10.00 meters above highest grade (NBC).

**Buffer (BZ)** – an area within the city that are yards, parks or open spaces intended to separate incompatible elements or uses to control pollution nuisance and for identifying and defining development areas or zones where no permanent structures are allowed.

**Building Height Limit (BHL)** - per the National Building Code, this is “the maximum height to be allowed for buildings/ structures and shall be generally measured from the established grade line to the topmost portion of the proposed building/structure. If applicable, the BHL may be subject to clearance requirements of the Civil Aviation Authority of the Philippines (CAAP) or the concerned military/security authorities.” BHL is expressed as the number of allowable storeys/floor above established grade and/ or meters above highest grade.

**Cemetery/Memorial Park Zone (C/MP-Z)** – an area in the city intended for the interment of the dead.

**Certificate of Non-Conformance** – certificate issued to owners of on-conforming uses as provided in this Zoning Ordinance.

**Central Business District (CBD)** – shall refer to areas designated principally for trade, services and business purposes.

**Class "AAA" Slaughterhouse/Abattoir** - refers to facilities equipped with comprehensive infrastructure and operational protocols designed to produce and maintain fresh meat seamlessly from the abattoir to the meat market. The purpose is to offer the resulting products for sale in both domestic and international markets.

**Class "A" Slaughterhouse/Abattoir** – existing slaughterhouse of Passi City with facilities and operates efficiently and adequately such as that the livestock and the fowls slaughtered therein are suitable for sale in any market within the country.

**Commercial-1 Zone (C1-Z)** - designates a commercial area of low density within an urban setting, specifically designated for neighborhood or community-scale trade, service, and business activities. Structures within this zone adhere to permissible uses regarding Flood, Landslide, and Karst subsidence.

**Commercial-2 Zone (C2-Z)** – a medium to high density commercial area within a city intended for trade, service and business activities performing complementary/supplementary functions to the CBD.

**Commercial-3 Zone (C3-Z)** - designates a high-density commercial zone within an urban environment, intended for regional shopping centers like large malls, as well as other commercial and business activities that have a regional impact. These activities generate traffic and necessitate utilities and services extending beyond local boundaries, requiring metropolitan-level development planning and implementation. Additionally, high-rise hotels, sports stadiums, or sports complexes are permissible in this zone. It may also be referred to as the Central Business District (CBD). However, commercial business establishments located along and within 60-meter strips of commercial areas on both sides of National Roads are subject to C1-Z regulations.

**Commercial Garage** – a garage where automobiles and other motor vehicles are housed, cared for, equipped, repaired or kept for remuneration, for hire or sale.

**Compatible Uses** – different uses capable of existing harmoniously within a zone, e.g. residential and parks and playground uses subject to the conditions stipulated in the Zoning Ordinance.

**Comprehensive Land Use Plan (CLUP)**– is a technical document embodying specific proposals and strategies for guiding, regulating growth and/or development that is implemented through the Zoning Ordinance. The main components of the Comprehensive Land Use Plan in this usage are the land use plan and sectoral studies including Demography, Ecosystems Analysis (Terrestrial), and Special Area Studies such as Climate Change Adaptation, Disaster Risk Reduction and Management, Biodiversity (writeups), Heritage Conservation and Green Urbanism.

**Comprehensive Development Master Plan (CDMP)** – a unitary development plan/ site plan that permits flexibility in planning/urban design, building/structure siting, complementary of building types and land uses, usable open spaces for general public uses services and business activities and the preservation of significant land features (NBC), also referred to as a Master Development Plan (MDP) of the city.

**Conflicting Uses** – uses or land activities with contrasting characteristics and adjacent to each other e.g. residential units adjacent to industrial plants.

**Conforming Use** – a use that is in accordance with the zone regulations as provided for in the Ordinance.

**Deed Restrictions** - written agreements that imposes limitations on the use of property in order to maintain the intended character of a neighborhood.

**Easement** – open space imposed on any land use/activities sited along waterways, road-rights-of-way, cemeteries/memorial parks, utilities and the like.

**Established Grade** – the finished ground level of a proposed development which shall be determined according to the provisions of the latest edition of the National Building Code.

**Ecotourism** – a form of sustainable tourism within a natural and cultural heritage area where community participation, protection and management of natural resources, culture and environmental education and ethics, as well as economic benefits are fostered and pursued for the enrichment of host communities and the satisfaction of visitors.” (Tourism Act and DENR AO2013-19 Guidelines on Ecotourism Planning and Management in Protected Areas)

**Ecotourism Overlay Zone (ETM-OZ)** –an area in the city intended for ecotourism uses.

**Economic Zone (EZ)** – an area within the city intended for reserve for future development of the city, as a preferred site for investment which the city provides immediate tax incentives as provided under Investment/Incentive Code of 2000.

**Environmentally Constrained Areas** – areas prone to natural hazards, such as those related to weather, hydrologic, and geologic disturbances. These hazards cover those that are weather and water-related, and erosion-related.

**Environmentally Critical Areas (ECA)** – refer to those areas which are environmentally sensitive and are listed in Presidential Proclamation 2146 dated December 1981, as follows:

- All areas declared by law as national parks, watershed reserves, wildlife preserves and sanctuaries; Areas set aside as aesthetic potential tourist spots;
- Areas of unique historic, archaeological, or scientific interests;
- Areas frequently visited and/or hard-hit by natural calamities (geologic hazards, floods, typhoons, and etc.); Areas with critical slopes;
- Areas classified as prime agricultural lands; • Recharge areas of aquifers;
- Water bodies characterized by one or any combination of the following conditions: tapped for domestic purposes; within the controlled and/or protected areas declared by appropriate authorities; and which support wildlife and fishery activities.

Proponents of Projects within ECAs are required to submit Initial Environmental Examinations to DENR Regional Office. They will be required by the DENR to submit an EIS, if necessary.

**Environmentally Critical Projects (ECP)** – refer to those projects which have high potential for negative environmental impacts and are listed in Presidential Proclamation 2146 dated December 14, 1981, as follows:

- **Heavy industries:** non-ferrous metal industries, iron and steel mills, petroleum and petro-chemical industries including oil and gas, and smelting plants.
- **Resource extractive industries:** major mining and quarrying projects, and forestry projects such as logging, major wood processing, introduction of fauna (exotic animals) in public/private forests and forest occupancy, fishery projects (dikes for/and fishpond development projects)
- **Infrastructure projects:** major dams; major power plants (fossil-fueled, nuclear-fueled, hydroelectric or geothermal), major reclamation projects, and major roads and bridges.
- **Golf course projects**

Proponents of ECPs are required to submit an EIS to the Environmental Management Bureau (EMB) of the DENR.

**Environmental Impact Statement (EIS) System** – pursuant to PD 1586 of 1978, refers to the entire process of organization, administration and procedure institutionalized for the purpose of assessing the significance of the effects of physical developments on the quality of the environment. Projects that fall within the purview of the EIS System include:

- Environmentally Critical Projects
- Projects located in Environmentally Critical Areas

**Exception** – a device which grants a property owner relief from certain provisions of the Ordinance where, because of the specific use, would result in a particular hardship upon the owner, as distinguished from a mere inconvenience or a desire to make more money.

**Flood Overlay Zone (FLD-OZ)** – an area in the city that have been identified as prone to flooding and where specific regulations are provided in order to minimize its potential negative effect to developments.

**Flood Protection Elevation** – the minimum elevation to which developments are required by this Ordinance to be elevated, with reference to the Base Flood Elevation, in order to be flood proofed.

**Floor Area Ratio or “FAR”** – is the ratio between the gross floor area of a building and the area of the lot on which it stands, determined by dividing the gross floor area of the building and the area of the lot. The gross floor area of any building should not exceed the prescribed floor area ratio (FAR) multiplied by the lot area. The FAR of any zone should be based on its capacity to support development in terms of the absolute level of density that the transportation and other utility networks can support.

**Forest** – refers to either natural vegetation or plantation of crops mainly of trees, or both, occupying a definable, uninterrupted or contiguous area exceeding but not less than one hectare with tree crown covering at least ten percent (10%) of the areas, exclusive of the associated seedlings, saplings, palms, bamboos and other undercover vegetation. A natural forest is a stand dominated by trees whose structure, functions and dynamics have been largely the result of natural succession process. A natural forest is classified as either 1) primary or virgin forest which has not never been subjected to significant human disturbance, or has not been significantly affected by the gathering of forest products such that its natural structure, functions and dynamics have not undergone any major ecological change; or 2) secondary or residual forest that maybe classified into either degraded or productive type (DENR DAO No. 99-53).

**Forestlands** – “include the public forest, permanent forest or forest reserves, and forest reservations” (PD 1559. Further Amending PD 705, otherwise known as the Revised Forestry Code of the Philippines. 1978).

**Forest Reservation** – “refers to forest lands which have been reserved by the President of the Philippines for any specific purpose or purposes”. (Forestry Code)

**Forest Reserve Sub-Zone (FR-SZ)** – an area within the Forest Zone of the city, which “refers to those lands of the public domain which have been the subject of the present system of classification and determined to be needed for forest purposes. Also called “Permanent Forest” (Revised Forestry Code, PD 1559)

**Forest Zone (FZ)** – an area within the city which are intended primarily for forest purposes. This includes Forest Lands and areas outside of Forest Lands that are declared for forest purposes by this Ordinance.

**Forestry Code** – refers to Presidential Decree No. 705 or the Revised Forestry Code of the Philippines, as amended.

**General Institutional Zone (GI-Z)** – an area within the city intended principally for general types of institutional establishments, e.g. government offices, hospitals/ clinics, academic/research and convention centers.

**Residential Zone (R1-Z)** – an area within the city intended principally for dwelling/ housing purposes.

**Gross Floor Area (GFA)** – the GFA of a building is the total floor space within the perimeter of the permanent external building walls, occupied by:

- Office areas
- Residential areas •
- Corridors
- Lobbies
- Mezzanine
- Vertical penetrations, which shall mean stairs, fire escapes, elevator shafts, flues, pipe shafts, vertical ducts, and the like, and their enclosing walls
- Rest rooms or toilets
- Machine rooms and closets
- Storage rooms and closets
- Covered balconies and terraces
- Interior walls and columns, and other interior features

**But excluding:**

- Covered areas used for parking and driveways, including vertical penetrations in parking floors where no residential or office units are present
- Uncovered areas for AC cooling towers, overhead water tanks, roof decks, laundry areas and cages, wading or swimming pools, whirlpools or Jacuzzis, gardens, courts or plazas.

**Heritage Act** – shall mean the National Cultural Heritage Act of 2009 or RA 10066.

**Heritage Overlay Zone (HTG-OZ)** – an area in the city that refers “to historical, anthropological, archaeological, artistic geographic areas and settings that are culturally significant to the country, as declared by the National Museum and/ or the National Historic Institute.” (Heritage Act)

**Historic Center** – 1) historic zone, district, core, precinct, town, legacy zone, heritage area, zone or town; 2) a designated area with historical and other special significance, consisting of buildings or group of buildings and their environs that collectively contribute to the area’s importance and character; 3) a place where a significant event in history occurred; 4) any town, district, or ancient settlement site with specific history and/or cultural significance. Historic centers are sometimes called living museums, outdoor museums, or museum preserves. Whether inhabited or uninhabited, historic centers are preservation areas. (Heritage Act)

**Industrial-1 Zone (I1-Z)** – an area within the city intended for light manufacturing or production industries that are:

- non-pollutive/non-hazardous; and
- non-pollutive/hazardous

**Industrial-2 Zone (I2-Z)** – an area within the city intended for medium intensity manufacturing or production industries that are:

- pollutive/non-hazardous; and
- pollutive/hazardous.

**Industrial-3 Zone (I3-Z)** – an area within the city intended for heavy manufacturing or production industries that are:

- highly pollutive/non-hazardous
- highly pollutive/hazardous
- highly pollutive/extremely hazardous
- pollutive/extremely hazardous
- non-pollutive/extremely hazardous

**General Institutional Zone (GIZ)** – an area within the city principally for general types of institutional establishment e.g. offices, schools, hospital/clinics, academic (research, convention center)

**Innovative Design** – introduction and/or application of new/creative designs and techniques in development projects e.g. Planned Unit Development.

**Landslide Overlay Zone (LSD-OZ)** – an area in the city that have been identified as highly susceptible to landslides and where specific regulations are provided in order to minimize its potential negative effect to developments.

**Local Zoning Board of Appeals (LZBA)** – a local special body created by virtue of this Ordinance mandated to, among others to handle appeals for Variances and Exceptions.

**Locational Clearance (LC)** – a clearance issued by the Zoning Administrator to a project that is allowed under the provisions of this Ordinance.

**Locational Clearance (Variance) (LC-V)** – a clearance issued by the LZBA to a project that is allowed under the Mitigating Device/Variance provision of this Ordinance.

**Locational Clearance (Exception) (LC-E)** – a clearance issued by the LZBA to a project that is allowed under the Mitigating Device/Exception provision of this Ordinance.

**Mitigating Device** – a means to grant relief in complying with certain provisions of the Ordinance such as, but not limited to, those pertaining to use, building bulk and density, and performance standards.

**Non-Conforming Use** – uses existing prior to the approval of this Zoning Ordinance that are not in conformity with its provisions but are allowed to operate subject to the conditions of this Zoning Ordinance.

**Notice of Non-Conformance** – notice issued to owners of all uses existing prior to the approval of the Ordinance which do not conform to the provisions herein provided.

**Network of Protected Areas for Agriculture and Agro-Industrial Development (NPAAAD)**

– per AFMA, refers to agricultural areas identified by the Department of Agriculture in coordination with the National Mapping and Resource Information Authority in order to ensure the efficient utilization of land for agriculture and agro-industrial development and promote sustainable growth. The NPAAAD covers the following:

- All irrigated areas;
- All irrigable lands already covered by irrigation projects with firm funding commitments;

- All alluvial plain land highly suitable for agriculture whether irrigated or not;
- Agro-industrial croplands or lands presently planted to industrial crops that support the viability of existing agricultural infrastructure and agro-based enterprises;
- Highlands or areas located at an elevation of 500 meters or above and have the potential for growing semi-temperate and high-value crops;
- All agricultural lands that are ecologically fragile, the conversion of which will result in serious environmental degradation; and
- Mangrove areas and fish sanctuaries.

**Official Zoning Map** – a duly authenticated map delineating the different zones into which the whole City is divided.

**Overlay Zones (OZ)** – a “transparent zone” that is overlain on top of the Basic Zone or another Overlay Zone that provides an additional set (or layer) of regulations.

**Parks and Recreation Zone (PR-Z)** – an area in a city designed for diversion/ amusements and for the maintenance of ecological balance.

**Production Agricultural Sub-Zone (PDA-SZ)** – an area within the Agricultural Zone of cities that are outside of NPAAAD and declared by the city for agricultural use.

**Production Forest** – an area within a city which are “forestlands tended primarily for the production of timber. These are areas below 50% in slope and less than 1,000 meters in elevation. This includes natural and man-made forests.” (DENR DAO 95-15); Forest lands available for timber and agro-forestry production, range lands for grazing and other forest lands special uses. (FM Technical Bulletin No.5 as cited in ITTD PD 222/03 Rev.1)

**Protected Areas** – areas declared as belonging to the NIPAS System per NIPAS Act. These areas are those that have been designated or set aside pursuant to a law, presidential decree, presidential proclamation or executive order. These include:

- Strict nature reserves;
- Natural parks;
- National monuments; •

Wildlife sanctuary;

- Protected landscapes and seascapes; •

Resource reserves;

- Natural biotic areas; and

- Other categories established by law, conventions or international agreements which the Philippine Government is a signatory

**Protection Agricultural Sub-Zone (PTA-SZ)** – an area within the Agricultural Zone of city that includes the NPAAAD which are “agricultural areas identified by the Department (Agriculture) through the Bureau of Soils and Water Management (BSWM) in coordination with the National Mapping and Resource Information Authority (NAMRIA) in order to ensure the efficient utilization of land for agriculture and agro-industrial development and promote sustainable growth.”

**Protection Forest** – an area within the city that are “forestlands outside NIPAS obtained essentially for their beneficial influence on soil and water in particular and the environment in general. (DENR DAO 95-15); Areas wholly or partially covered with woody vegetation manage primarily for its beneficial effects on water, climate, soil, aesthetic value and preservation of genetic diversity. (FMB Technical Bulletin No.5 as cited in ITTD PD 220/03 Rev.1)

**Quarry Zone (QZ)** – an area within the Mineral Land Zone of a city that is “declared by the Director of Mines and Geosciences Bureau as having “quarry resources such as, but not limited to, andesite, basalt, conglomerate, coral sand, diatomaceous earth, diorite, decorative stones, gabbro, granite, limestone, marble, marl, red burning clays for potteries and bricks, rhyolite, rock phosphate, sandstone, serpentine, and shale.” (Mining Act)

**Quarrying** – shall mean “the process of extracting, removing and disposing quarry resources found on or near the surface of private or public land” (Mining Act).

**Reclassification of Agricultural Lands** – “the act of specifying how agricultural lands shall be utilized for non-agricultural uses such as residential, industrial, and commercial as embodied in the CLUP” (LGC and MC # 54)

**Residential-1 Zone (R1-Z)** – an area within the city intended for low density residential use. Per the National Building Code, R-1 Zone is characterized mainly by low-rise single-detached and duplex residential buildings for exclusive use as single (nuclear) family dwellings.

**Residential-2 Zone (R2-Z)** – an area within the city intended for medium density residential use. Per the National Building Code, aR-2 Zone is characterized mainly by low-rise single-attached, duplex or multi-level structures residential buildings for exclusive use as multi-family dwellings.

**Residential-3 Zone (R3-Z)** – an area within the city intended for medium to high density residential use. Per the National Building Code, R3 Zone is characterized mainly by low-rise or medium-rise residential buildings for exclusive use as multi-family dwellings with mixed housing types.

**Rezoning** – a process of introducing amendments to or change in the existing zoning of a particular area and reflected in the text and maps of the Ordinance.

**Socialized Housing** – refers to housing [programs and] projects covering houses and lots or home lots only undertaken by the Government or the private sector for the underprivileged and homeless citizens (UDHA)

**Socialized Housing Zone (SH-Z)** – an area in the city designated for socialized housing projects.

**Strategic Agriculture and Fisheries Development Zone (SAFDZ)** – refers to “areas within the NPAAAD identified for production, agro-processing and marketing activities to help develop and modernize, with the support of government, the agriculture and fisheries sectors in an environmentally and socio-culturally sound manner” (AFMA).

**Sustainable Urban Drainage System (SUDS)** – a low impact system intended to drain surface water run-off through a series of collection, storage and cleaning stages before it is released back into the environment.

**Tourism Act** – shall mean the Tourism Act of 2009 or RA 9593.

**Tourism Zone** – are sites within the city endowed with natural or manmade physical attributes and resources that are conducive to recreation, leisure and other wholesome activities.

**UDHA** – shall mean the Urban Development and Housing Act of 1992 or RA 7279.

**Utilities, Transportation and Services Zone (UTS-Z)** – an area in the city designated for “a range of utilitarian/ functional uses or occupancies, characterized mainly as a low-rise or medium-rise building/structure for low to high intensity community support functions, e.g. terminals, inter-modals, multi-modals, depots, power and water generation/distribution facilities, telecommunication facilities, drainage/wastewater and sewerage facilities, solid waste handling facilities and the like” (NBC).

**Variance** – a device which grants a property owner relief from certain provisions of the Zoning Ordinance where, because of the particular physical surrounding, shape or topographical condition of the property, compliance on applicable Building Bulk and Density Regulations, Building Design Regulations and Performance Standards would result in a particular hardship upon the owner, as distinguished from a mere inconvenience or a desire to make more money.

**Warehouse** – refers to a storage and/or depository of those in business of performing warehouse services for others, for profit.

**Water Code** – shall mean the Water Code of the Philippines (Presidential Decree 1067)

**Yard** – as defined in the National Building Code, this is “the required open space left between the outermost face of the building/ structure and the property lines, e.g. front, rear, right and left side yards. The width of the yard is the setback.”

**Zone/Sub-Zone** – an area within the city for specific land use as defined by manmade or natural boundaries.

**Zoning Administrator/Zoning Officer** – a city government employee responsible for the implementation/enforcement of the Zoning Ordinance.

**Zoning Certificate** – a document issued by the Zoning Administrator citing the zoning classification of the land based on this Ordinance.

**ARTICLE IV-A  
ZONE CLASSIFICATIONS**

**Section 5. Divisions into Zones or Sub-Zones**

To effectively carry out the provisions of this Ordinance, the city is hereby divided into the following zones or districts as shown in the Official Zoning Maps

**Section 6. Base Zones**

The following are designated as Base Zones:

- |  |   |
|--|---|
| <ul style="list-style-type: none"> <li><input type="checkbox"/> <b>Forest Zone</b> <ul style="list-style-type: none"> <li><input type="checkbox"/> Protection Forest Sub-Zone (PTF-SZ)</li> <li><input type="checkbox"/> Production Forest Sub-Zone (PDF-SZ)</li> </ul> </li> <li><input type="checkbox"/> <b>Agricultural Zone (AGZ)</b> <ul style="list-style-type: none"> <li><input type="checkbox"/> Protection Agricultural Sub-Zone (PTA-SZ)</li> <li><input type="checkbox"/> Production Agricultural Sub-Zone (PDA-SZ)</li> </ul> </li> <li><input type="checkbox"/> <b>Agro-Industrial Zone (AgIndZ)</b></li> <li><input type="checkbox"/> <b>Quarry Zone (QZ)</b></li> <li><input type="checkbox"/> <b>Residential Zone (R-Z)</b> <ul style="list-style-type: none"> <li><input type="checkbox"/> Residential-1 Zone (R1-Z)</li> <li><input type="checkbox"/> Residential-2 Zone (R2-Z)</li> <li><input type="checkbox"/> Residential-3 Zone (R3-Z)</li> </ul> </li> <li><input type="checkbox"/> <b>Socialized Housing Zone (SH-Z)</b></li> <li><input type="checkbox"/> <b>Commercial Zone (C-Z)</b> <ul style="list-style-type: none"> <li><input type="checkbox"/> Commercial-1 Zone (C1-Z)</li> <li><input type="checkbox"/> Commercial-2 Zone (C2-Z)</li> <li><input type="checkbox"/> Commercial-3 Zone (C3-Z)</li> </ul> </li> <li><input type="checkbox"/> <b>Industrial Zone (I-Z)</b> <ul style="list-style-type: none"> <li><input type="checkbox"/> Industrial-1 Zone (I1-Z)</li> <li><input type="checkbox"/> Industrial-2 Zone (I2-Z)</li> <li><input type="checkbox"/> Industrial-3 Zone (I3-Z)</li> </ul> </li> <li><input type="checkbox"/> <b>General Institutional Zone (GI-Z)</b></li> </ul> | <ul style="list-style-type: none"> <li><input type="checkbox"/> <b>Industrial Zone (I-Z)</b> <ul style="list-style-type: none"> <li><input type="checkbox"/> Industrial-1 Zone (I1-Z)</li> <li><input type="checkbox"/> Industrial-2 Zone (I2-Z)</li> <li><input type="checkbox"/> Industrial-3 Zone (I3-Z)</li> </ul> </li> <li><input type="checkbox"/> <b>General Institutional Zone (GI-Z)</b></li> <li><input type="checkbox"/> <b>Parks and Recreation Zone (PR-Z)</b></li> <li><input type="checkbox"/> <b>Cemetery/Memorial Park Zone (C/MP-Z)</b></li> <li><input type="checkbox"/> <b>Buffer/Greenbelt Zone (B/G-Z)</b></li> <li><input type="checkbox"/> <b>Utilities, Transportation, and Services Zone (UTS-SZ)</b></li> <li><input type="checkbox"/> <b>Tourism Zone (TZ)</b></li> <li><input type="checkbox"/> <b>Sanitary Landfill Zone (SLF-Z)</b></li> <li><input type="checkbox"/> <b>Economic Zone (EZ)</b></li> <li><input type="checkbox"/> <b>Public Easement Zone (PE-Z)</b></li> </ul> |
|--|---|

**Section 7. Overlay Zones**

- Landslide Overlay Zone (LSD-OZ)**
- Flood Overlay Zone (FLD-OZ)**
- Karst Overlay Zone (K-OZ)**
- Heritage Overlay Zone (HTG-OZ)**
- Ecotourism Overlay Zone (ETM-OZ)**
- Landslide Overlay Zone (LSD-OZ)**

**1. BARANGAY BACURANAN**

LOCATION/HAZARD	LANDSLIDE HAZARD OVERLAY ZONE
	BOUNDARY DESCRIPTION
<b>BRGY. BACURANAN</b>	Latitude/ Longitude: 11° 8' 21. 80" N- 122° 39' 27. 64" E, 11° 8' 51. 92" N- 122° 39' 15. 84" E
<b>MODERATE LANDSLIDE SUSCEPTIBILITY</b>	Comprising of AgInd- Z- 1 (pt), CI- Z- 39 (pt), CI- Z- 40 (pt), CI- Z- 41 (pt), E- Z- 4 (pt), QZ- 4, QZ- 5, QZ- 6 (pt), QZ- 8, RI- Z-18 (PT), & RI- Z- 19 (pt), Forest and Protection Area and buffer zone  Comprising of <b>LOT NOS:</b> 1, 1 (9278), 10, 10 (9287), 11, 11 (9288), 12, 12 (9289), 13, 13 (9290), 14, 14 (9291), 15, 15 (9292), 16, 16 (9293), 17, 17 (9294), 1791, 18, 18 (9295), 19 (99296), 2, 2 (9279), 20, 21 pt, 3, 3 (9280), 30, 4, 4 (9281), 4472- A-1, 4472- A-2, 4472- B, 4472- C-7 PT, 4472- C-7 PT, 4472- C-8, 4472- D-4 pt, 4472- D-5, 4472- D-6, 4472- O-1 pt, 4472- O-2 pt, 4715, 4716, 4717, 4719, 4720, 4722 pt, 4724 pt, 4725, 4726- A, 4726- B, 4726- C, 4726- D, 4726- E, 4726- F, 4726- G, 4726- H, 4727, 4728, 4729, 4730- A, 4730- B, 4731, 4732, 4733, 4734- A, 4734- B, 4735, 4736, 4737, 4738, 4739, 4740, 4742 pt, 443, 4744, 4745, 4746, 4747, 4748- A, 4748- B, 4748- C, 4749- A, 4749- B, 4749- C, 4750- A, 4750- B, 4750- C, 4750- D, 4750- E, 4751- A, 4751-B pt, 4751- C -1, 4751- C -2, 4755- Q, 4755- R, 4755- S pt, 4755- W pt, 4756, 4756 pt, 4757 pt, 4837, 4891 pt, 5, 5 (9282), 6, 6 (9286), 7, 7 (9289), 7944- PT, 7944- PT, 8, 8 (9285), 8184- B- 2- E- 10- A pt, 8184- B- 2- E- 10- B pt, 8309- C, 8309- D, 8309- E, 8309- F, 8743, 8744 (pt), 9, 9 (9286)

**2. BARANGAY CADILANG**

LOCATION/HAZARD	LANDSLIDE HAZARD OVERLAY ZONE
	BOUNDARY DESCRIPTION
<b>BRGY. CADILANG</b>	Latitude/ Longitude: 11° 5' 45. 27" N- 122° 37' 21. 84" E, 11° 5' 57. 88" N- 122° 37' 7. 86" E, 11° 5' 26. 94" N- 122° 37' 19. 50" E
<b>MODERATE TO HIGH LANDSLIDE SUSCEPTIBILITY</b>	Comprising of RI- Z- 46 (pt), and agricultural zone (pt) with <b>LOT NOS:</b> 2773 pt, 27799- E pt, 2782 pt, 2783- B- 6- B- 1, 2783- B pt, 2783- D- 2 pt, 2783- D- 6- A pt, 2783- D- 6- B- 2 pt, 2784, 2784- A, 2784- B, 2802- A, 2802- B, 2802- C, 2802- D, 2802- E, 2802- F, 2802- G, 2802- H, 2802- I, 2803, 2816 pt

**3. BARANGAY GEMAT-Y**

LOCATION/HAZARD	LANDSLIDE HAZARD OVERLAY ZONE
	BOUNDARY DESCRIPTION
<b>BRGY. GEMAT-Y</b>	Latitude/ Longitude: 11° 5' 51. 46" N- 122° 37' 25. 47" E, 11° 6' 1. 04" N- 122° 37' 7. 69" E
<b>MODERATE LANDSLIDE SUSCEPTIBILITY</b>	Comprising of RI- Z- 26 (pt), RI- Z- 28 (pt) and agricultural zone (pt) with <b>LOT NOS:</b> 1, 1, 2, 2513 pt, 2514- A pt, 2514- B pt, 2515- B, 2570 pt, 2572, 2781, 2786, 2789- E pt, 2789- F, 2789- F pt, 2790- A, 2790- B, 2790- C, 2790- D pt, 2790- H pt, 2791 pt, 2793 pt, 2794 pt, 2795 pt, 2798- A pt, 2798- B pt, 2799 pt, 2800 pt, 2801, 2815 pt, 2819- D pt, 2843, 3 pt, 4 pt, 5 pt, 6 pt, LOT 1 (2575) pt

4. BARANGAY IMBANG GRANDE

LOCATION/HAZARD	LANDSLIDE HAZARD OVERLAY ZONE
BRGY. IMBANG GRANDE	<b>BOUNDARY DESCRIPTION</b>
	Latitude/ Longitude: 11° 7' 15. 33" N- 122° 39' 49. 44" E
<b>MODERATE LANDSLIDE SUSCEPTIBILITY</b>	Comprising of QZ- 1 (pt), T- Z-3 (pt),, and buffer zone (pt) with <b>LOT NOs</b> :  15 pt, 1773 pt, 1775 PT (pt), 4698 pt, 7747, 7949- pt, 7949- pt, 8334 pt, 8335 pt, 9124- 2 pt, 9125- 3 pt, 9126- 4 pt, 9127- 5 pt, 9128- 6, 9129- 7, 9130- B, 9131- 9, 9132- 10, 9133- 11, 91234- 12, 9135- 13, 9136- 14, 9137-15 pt, 9138, 9139- 17 pt, 9140- 18, 9141- 19, 9142- 20, 9143- 21, 9144- 22 pt, 9146 (8112- pt), 9147 pt, 9148 – 26 pt, 9149- 27, 9150- 28, 9151- 29 pt, 9176- a, 9176- b, 9176- c, 9176- D, 9176- E, 9176- F, 9176- G, 9226, 9227, 9781, 9781

5. BARANGAY MAN-IT

LOCATION/HAZARD	LANDSLIDE HAZARD OVERLAY ZONE
BRGY. MAN -IT	<b>BOUNDARY DESCRIPTION</b>
	Latitude/ Longitude: 11° 5' 48. 40" N- 122° 37' 35. 34" E
<b>MODERATE LANDSLIDE SUSCEPTIBILITY</b>	Comprising of RI-Z-26 (pt) and agricultural zone (pt) with <b>LOT NOs</b> :  2554- PT, 2569 pt, 2569, 2571- A- 1, 2571- A- 2, 2571- A- 3, 2571- A- 4, 2571- A- 5, 2571- A- 6, 2571- A- 7, 2571- A- 7, 2571- A- 7 pt, 2571- A- 8, 2571- A- 8, 2571- A- 9, 2571- B, 2571- C, 2576 pt, 2577 pt

6. BARANGAY SABLOGON

LOCATION/HAZARD	LANDSLIDE HAZARD OVERLAY ZONE
BRGY. SABLOGON	<b>BOUNDARY DESCRIPTION</b>
	Latitude/ Longitude: 11° 7' 50. 93"N- 122° 39' 30. 26" E
<b>MODERATE LANDSLIDE SUSCEPTIBILITY</b>	Comprising of E- Z- 2 (pt), GI- Z -17 (pt), GI- Z- 19 (pt), QZ- 3, RI- Z-10 pt, T- Z- 2 pt and buffer zone with <b>LOT NOs</b> :  1784- C pt, 1784- D, 1784- F pt, 1784- G, 1790- B pt, 1790- C, 1792- B, 1792- D, 1792- E, 1792- F pt, 1793, 1794 pt, 1795- A, 1795- B pt, 1795- D- 1 pt, 1795- D- 2 pt, 1795- E- 1 pt, 1795- D- 10, 1795- D- 3, 1795- D- 4, 1795- D- 5, 1795- D- 6, 1795- D- 7, 1795- D- 8, 1795- D- 9, 4718- A, 4718- B- 1 pt, 4718- B- 2, 4718- B- 3, 4718- B- 4, 7749 pt, 7750, 7948- D, 8113- A, 8113- B, 8113- C, 8113- D, 8113- E, 9054, pt

7. BARANGAY AGLALANA

LOCATION/HAZARD	LANDSLIDE HAZARD OVERLAY ZONE
BRGY. AGLALANA	<b>BOUNDARY DESCRIPTION</b>
	Latitude/ Longitude: 11° 10' 29. 35"N- 122° 40' 14. 17" E, 11° 11' 13. 18"N- 122° 40' 12. 17" E, 11° 12' 41. 8"N- 122° 4' 24. 41" E, 11° 13' 13. 82"N- 122° 38' 32. 85" E, 11° 13' 26. 65"N- 122° 37' 56. 45" E
<b>MODERATE TO HIGH LANDSLIDE SUSCEPTIBILITY</b>	Comprising of CI- Z- 69 (pt), CI- Z- 70 (pt), CI- Z- 74 (pt), E -Z- 5 (pt), SL- Z- 1 (pt) forest land protection and production area (pt), buffer zone, and agricultural zone (pt) with <b>LOT NOs</b> :  J- 35, 1, 10 pt, 131, 132, 133, 134, 135, 136, 137, 138, 139, 140, 141, 142, 143, 144, 145, 146, 147, 148, 149, 150, 151, 152, 153, 154, 155, 19, 2 pt, 24 (6899- l ) pt, 29 pt, 3, 3 (9888), 30 pt, 31 pt, 35 pt, 36 pt, 38, 4, 4 (6899- J) pt, 42, 44, 5, 58 pt, 59, 6 pt, 60 PT, 61, 62, 6653- D pt, 68 pt, 6800- J- 26, 6893- A- pt, 6893- B- pt, 6896 pt, 6898- A, 6899- A, 6899- B, 6899- C, 6899- D, 6899- E pt, 6899- G pt, 6899- I- 30, 6899- I- 34, 6899- I- 37 pt, 6899- I- 43, 6899- I- 48 pt, 6900- A, 6900- B, 6900- C, 6900- D, 6900- E, 6900- G, 6900- J- 16, 6900- J-18, 6900- J- 23 pt, 6900- J- 9 pt, 6901- A- 2, 6901- A- 3 pt, 6901- A- 6 pt, 7, 75 pt, 7533 pt, 7545- P, 7551- A, 7551- B, 7551- C, 7551- D, 7551- G, 7551- H, 7552- 1- pt, 7552- 10- pt, 7552- 17, 7552- 2, 7552- 3- pt, 7552- 4-pt, 7552- 48, 7552- 5 pt, 7552- 6 pt, 7552- 7 pt, 7552- 8 pt, 7552- 9 pt, 7552- W, 7554- F, 7554- G pt, 7554- H pt, 7554- J, 7554- K, 7554- L pt, 7554- M, 7554- N pt, 7554- O pt, 7554- P pt, 7554- R pt, 7554- S pt, 7554- T pt, 7554- U pt, 7554- V, 7554- X pt, 7554- Y pt, 76, 8 pt, 8 pt , 81 pt, 8101, 8102- A, 8102- B, 8102- C, 8102- D, 8102- E, 8102- F, 8102- G, 8102- G, 8102- H, 8102- I, 8102- J, 8102- K, 8102- L, 8102- M, 8102- N, 8102- O, 8102- P, 8102- R, 8103, 8105, 8106 pt, 8141- A pt, 8141- B pt, 83 pt, 8348 pt, 8639 pt, 8640 pt, 8641, 8642, 8643 pt, 8644 pt, 8645, 8647, 8648, 8649, 8650, 8651, 8652, 8653, 8654, 8655- pt, 8656 pt, 8666 pt, 8671 pt, 8672- A pt, 8672- B pt, 8673- A pt, 8673- B pt, 8673- C pt, 8673- D, 8673- E, 8673- F, 8673- G pt, 8673- H pt, 8673- I, 8675 pt, 8676, 8677, 8679, 8680, 8681, 8682, 8683, 8684, 8685, 8686, 8687, 8688, 8689, 8690, 8691, 8696 pt, 8697 pt, 8698, 8699, 8700, 8701,, 8702, 8703, 8704, 8705, 8706, 8707, 8708, 8709, 8710, 8711, 8712, 8713, 8714, 8715, 8716, 8717, 8718, 8719, 8720, 8721, 8722, 8723, 8724, 8725, 8726, 8727, 8728, 8729, 8730, 8731,8732, 8733, 8734, 8735, 8737, 8737, 8738, 8739, 8740, 8741- C pt, 8741- D pt, 8742, 8756 pt, 8757 pt, 8758 pt, 8759 pt, 8760, 8761, 8762, 8763, 8765, 8766, 8767, 8769 pt, 8770, 8771, 8772, 8773, 8774, 8776, 8777, 8778 pt, 8785 pt, 9, J- 10, J- 11, J- 12, J- 14, J- 15, J- 17, J- 20, J- 21, J- 22, J- 24 pt, J- 28, J- 29, J- 30, J- 36 pt, 38, 39, J- 5 pt, J- 6 pt, J- 8 pt, pt, pt, SCS- 06- 00130
